

Government. Such types of expenditure not foreseen in the original budget but requiring immediate payment are increasing year after year and it has not been possible to manage them within the existing limit of Rs. 60 crores. Besides, when compared with the side of the budget which is going up gradually, the present level of the Contingency Fund is found to be not adequate. Hence it was considered necessary to enhance the corpus of the fund to Rs. 80 crores and as the Legislature was not in session, an ordinance was promulgated. This is required to be replaced by a Bill.
